

# **BBC Young Reporter Review**

On the 6th March 2019 we took part in the BBC Young Reporter which was an amazing opportunity to find out what it would be like to be a journalist for the day.

In the weeks prior to BBC Young Reporter we researched our own news stories that we felt passionate about and organised interviews with teachers who might have an insight into that topic.

We then arrived on the day and made our way to iresearch, logged on to the computers and looked for any current news stories that could be included in our reports.

We then began filming our news stories which were then edited by our brilliant technical team and uploaded to Christleton's You Tube page. It was good day that gave us an understanding of how much work has to go into making a single report and the preparation needed before you go before the camera.

Here's what people thought about the day...

**"I have really enjoyed today, it has given me an insight to how news companies function" Tomos smalldon Yr8**

**"Wow! What a day, It has been jam packed with excitement and has been a great experience" Gregor Ralphs Yr9**

**"It's been really fun and I've enjoyed working with other people to help create a news report!" Lola McCarthy Yr8**

This is a day to remember and I would recommend to anyone who interested in a media career or someone who just wants to have some fun.
