

## Christleton High School

2<sup>nd</sup> February 2021

Dear Parent / Carer

We hope that you have found our Year 9 Options Process programme useful and that our students are now in a position to make informed choices about the courses they would like to study in Years 10 and 11. The deadline for students to make their choices is **9.00am on Monday 8<sup>th</sup> February**.

Students need to submit their final options choices electronically; they do this by following the link which will be sent to their school email address by Thursday 4<sup>th</sup> February. This will allow students to register with SIMS Options and then click on the subjects they wish to pick.

Further details are given in the attached '**How to...**' instructions. Parents may choose to sit with students as they follow these instructions and pick their subjects, or students can make these choices independently.

Once students have made their choices we can then begin to construct student timetables for next year and will be able to confirm these choices with you by the end of March.

We hope that our Year 9 students have been able to use all of the information, advice, and guidance provided to choose wisely.

Yours sincerely

*A. J. Francis*

Mr A J Francis  
Assistant Headteacher

*L Sweet*

Mrs L Sweet  
Head of Year 9
